EDUCATION

University of Maryland, College Park, MD Sep 2024 - 2027 expected.
Bachelor of Computer Science, GPA 3.98, Dean's List Fall 2024-2025

Technical Coursework: Data Science, Machine Learning, Artificial Intelligence, Algorithms, Organization of Programming Languages, Discrete Structures, Computer Systems (C), Applied Probability and Statistics I, Object-Oriented Programming II (Java), Linear Algebra, Calculus I, Calculus II, Information Science, Academic Research Writing, Professional Writing, Communications

WORK EXPERIENCE

Black Rocket Productions, Paramus, NJ Jun 2025 - Aug 2025
Programming and STEM Instructor

- Led classes of ages 8-14 through a variety of programming basics and game engines such as Unity and Atmospher
- Taught classes such as 3D Game Design, Basics of Unity, Python, and video game Animation
- Designed and delivered interactive lessons that improved coding proficiency and encouraged collaborative project work

American Museum of Natural History, New York City, NY Sep 2023 - Jun 2024
Astrovisualization Software Intern

- Utilized OpenSpace software to build visual representations of spacecraft with SPICE data directly from NASA
- Coded new asset files for PSYCHE/NEAR Spacecraft Missions and helped complete existing CASSINI satellite mission

PROJECTS & CERTIFICATIONS

TestuGo: A Bluetooth Navigation & Exploration App Dec 2025 - Ongoing

- Worked with a team to develop a location-aware mobile platform using sensor and behavioral data to map campus events
- Designed and evaluated data collection workflows for predictive suggestions based on user patterns

Natural Language Processing for Rate My Professor Nov 2025 - Nov 2025

- Trained Phi-3 SLM on 1000s of text reviews ingested using apis for UMD's Rate My Professor equivalent
- Built an NLP pipeline to infer star ratings from free-form review text, achieving upwards of 90% sentiment prediction accuracy

Machine Learning Classroom Classification Oct 2025 - Nov 2025

- Analyzed student surveys and midterm scores using ML algorithms to research links between test performance and study habits
- Utilized Linear Regression algorithms for predicting numerical grades and Random Forest algorithm for letter grade classification

311 Service Request Data Mapping Sep 2025 - Oct 2025

- Explored NYC Open Data Sets with PANDAS to map 311 Service Requests to their geographical location
- Integrated dataset into PowerBI to make a variety of graphs to visualize and present findings with the data

Portfolio Website Jun 2025 - Jul 2025

- Developed a personal portfolio website from scratch using HTML, CSS, and JavaScript for both mobile and desktop
- Employed minimalistic web design with responsive layout for GitHub, LinkedIn, and other projects

Microsoft Fabric Analyst Certification Aug 2025 - Aug 2025

- Completed training involving Data Lakes/Warehouses, PowerBI, SQL, and other tools to create a successful data infrastructure

SKILLS

- **Programming Languages:** Java, C, Python, C#, C++, OCaml, Rust, Lua, SQL, Pandas, Pytorch, Assembly, Matlab
- **Tools & Platforms:** Git, GitHub, Unity, Microsoft Fabric & Office, PowerBI, Visual Studio Code, Eclipse
- **Design & Modeling:** TinkerCad, Fusion 360, Adobe Premiere Pro, Adobe Illustrator

EXTRACURRICULARS

UMD CSEC Sep 2024 - Ongoing
University of Maryland CyberSecurity Club

- Engage in weekly lectures about technical cybersecurity topics in network security, cryptography, and ethical hacking
- Participate in various capture-the-flags (CTFs) developing hands-on-skills in the cybersecurity space

UMD GameDev Sep 2024 - Ongoing
University of Maryland Game Developers Club

- Collaborated with students to develop games in C# using Unity, focusing on gameplay mechanics, physics systems, and UI implementation.

Scouts of America Sep 2018 - Sep.2024
Eagle Scout & Patrol Leader

- Plan and constructed a Sensory Pathway as a part of my Eagle Scout Project, and led weekly meetings and camping trips for scouts
